These Financial Regulations were adopted by the Council at its meeting held on September 2nd 2002 (latest issue rev. 2015)

In these Financial Regulations, references to the Account and Audit Regulations shall mean the Regulations issued under the provision of section 27 of the Audit Commission Act 1998, or any superseding legislation, and then in force unless otherwise specified.

In these Financial Regulations the term 'proper practice(s)' shall refer to guidance issued in Governance and Accountability for Local Councils – A Practitioners' Guide (England) issued by the Joint Practitioners' Advisory Group (JPAG), available from the websites of the National Association of Local Councils (NALC) and the Society of Local Council Clerks (SLCC)

1. General

- 1.1 The purpose of Financial Regulations is to ensure that public accountability and high standards of financial integrity are exercised over the control of public funds. In addition they assist sound administration, reduce the risk of irregularities and support delivery of effective, efficient and economical services.
- 1.2 The Council is responsible in law for ensuring that the financial management is adequate and effective and that the Council has a sound system of financial control which facilitates the effective exercise of its functions and which manages risk and the prevention and detection of fraud and corruption.
- 1.3 These Financial Regulations shall govern the conduct of the financial management of the Council and may only be amended or varied by resolution of the Council.
- 1.4 The Responsible Finance Officer (RFO) is a statutory office to be appointed by the Council. The Responsible Finance Officer shall be responsible for the proper administration of the Council's finances under the policy direction of the Council in accordance with proper practices
- 1.5 The RFO shall ensure that the accounting control systems are observed and the accounting records of the Council are maintained and kept up-to-date in accordance with proper practices
- 1.6 The RFO shall be responsible for the production of financial management information as required by Council.
- 1.7 The Financial Regulations apply to all officers and Councillors. It is the responsibility of the RFO to ensure that they are followed and that all staff are adequately trained in their applications.
- 1.8 Failure to comply with Financial Regulations, or procedures issued under them may lead to disciplinary action for staff, or acting ultra vires for Councillors.

- 1.9 The Council shall review annually the effectiveness of its systems of internal controls and shall produce a statement on internal control with its statement of accounts

2. Control

- 2.1 Control of the Town Council, its decision making process, resources, budgets, precepts and staff rests with Council. Council may delegate much of its decision making and responsibilities to Committees under terms of reference specifying the objectives of the Committee, its membership, limitation of scope and functions
- 2.2 No decision-making powers may be passed to a single Councillor acting alone.
- 2.3 In order for the Council to function, the administration and execution of its decisions is delegated to the Clerk to the Council who is also the Proper Officer of the Council. The Deputy Clerk is the Responsible Finance Officer and also, in the absence of the Clerk to the Council, shall undertake all the functions, duties and responsibilities of the Clerk to the Council

3. Responsibilities

4. Public Accountability - Responsibilities

- 4.1.1 A Councillor or officer of the Council must not, under cover of his/her position or office of employment, accept any fee or reward, other than his/her proper remuneration without the express permission of the Finance & General Purposes Committee.
- 4.1.2. A Councillor or officer of the Council must not accept any bribe or personal inducement in connection with the Council's business.
- 4.1.3 A Councillor or officer of the Council must not use Council property, assets or materials for other than the purposes of the Council.
- 4.1.4 A Councillor or officer of the Council must not subordinate his/her duty to the Council to his/her private interest or put himself/herself in a position where his/her duty and private interests conflict.
- 4.1.5 Councillors should ensure that they follow the Councillor's Code of Conduct (adopted 2012).

4.2 Gifts

- 4.2.1 Officers should follow the advice given in guidance relating to the Councillor's Code of Conduct, as adopted by the Council and contained in the Councillor's handbook, on the receipt of gifts and hospitality.

4.3 Relations with Clients and Contractors

- 4.3.1 Councillors or Officers must not use any Council premises, resources or facilities for the execution of private work.
- 4.3.2 Officers must not work for any current or prospective supplier or contractor to the Council.

5. Financial Planning and Strategy

- 5.1 The RFO shall, within the general direction of the Finance & General Purposes Committee, produce forecasts of financial resolutions and advise upon the financial implications of programmes and budget strategies.
- 5.2 All matters relating to the financial administration of the Council shall be kept under review by the Finance & General Purposes Committee.

6. Accounting Systems and Financial Records

- 6.1 No variations shall be made to accounting records and procedures without the written agreement of the RFO. In particular, staff should confer with the RFO before introducing or amending any books, forms, records, administrative procedures or computerised systems used in conjunction with accounting for cash, income, expenditure, stores and financial transactions generally.
- 6.2 The RFO shall maintain all financial and other information as may be required to fully and accurately record the accounts of the Council, and report on its finances.

7. Financial Management - Revenue

7.1 General

- 7.1.1 This section of the regulations deals with preparation and approval of budgets, budgetary control and variations from budget provision.
- 7.1.2 No expenditure is to be incurred or reduction in income authorised unless covered by these regulations.

7.2 Preparation and Approval of Budget

7.2.1 The Full Council will determine the overall spending plans of the Council.

7.2.2 The form of revenue estimates shall be determined by the RFO in consultation with Committees of the Council, within the general guidelines of the Finance & General Purposes Committee. Committee estimates shall be prepared annually before the start of the financial year, for presentation to the Finance & General Purposes Committee, for recommendation to Council in preparation of the Council's budget.

- each Committee shall formulate and submit proposals to the Council in respect of revenue services and capital projects (including the use of reserves and sources of funding) for the following financial year not later than December each year.
- detailed estimates of income and expenditure on revenue services and receipts and payments on capital account (including the use of reserves and sources of funding) shall be prepared each year by the RFO.
- the Finance and General Purposes Committee shall review the estimates and submit them in the form of a budget to be considered by Council not later than the end of January each year and shall recommend the Precept to be levied for the ensuing financial year. The RFO shall supply each Councillor with a copy of the approved estimates.
- the annual budgets shall form the basis of financial control for the ensuing year.

7.3 Budgetary Control

7.3.1 Expenditure on the revenue account may be incurred up to the amounts included in each approved Committee budget.

7.3.2 No expenditure may be incurred which cannot be met from the amount provided in the appropriate Committee revenue budget unless a virement has been approved by the Finance and General Purposes Committee or the Council.

7.3.3 The RFO is required to monitor budgets regularly during the year. If it is considered that a particular budget head requires increasing, virement must be sought before any overspending occurs (see virement).

7.3.4 Generally all Council budgets are prepared on a cash limited basis. The Finance and General Purposes Committee or Council may agree departures from the strict cash limit approach in exceptional circumstances and approve a supplementary estimate upon application from the relevant Committee which may be met by equivalent reductions elsewhere or use of reserves.

7.3.5 The RFO shall periodically provide the Council and Committees with a statement of income and expenditure to date under each budget heading, comparing actual income and expenditure against that planned.

- 7.3.6 The Clerk to the Council may incur expenditure on behalf of the Council which is deemed necessary to carry out any repair replacement or other work which is of such extreme urgency that it must be done at once, whether or not there is any budgetary provision for the expenditure, subject to a limit of £1,000. The Clerk to the Council shall report the action to the appropriate Committee as soon as practicable thereafter.
- 7.3.7 Where expenditure is incurred in accordance with regulation 7.3.6 above and the sum required cannot be met from savings made elsewhere within that Committee's approved budget, it shall be subject to the provisions of supplementary estimate approved by the Finance and General Purposes Committee or the Council.
- 7.3.8 Unspent provisions in the revenue budget shall not be carried forward to a subsequent year without the specific approval of the Finance and General Purposes Committee or placed in an Earmarked Reserve.
- 7.3.9 No expenditure shall be incurred in relation to any capital project and no contracts entered into or tender accepted involving capital expenditure unless the Council is satisfied that the necessary funds are available, or the requisite borrowing approval has been obtained.
- 7.3.10 All capital works shall be administered in accordance with the Council's Standing Orders and Financial Regulations relating to contracts

7.4 Virement

- 7.4.1 Virement between budget heads is an integral and important feature of budgetary control. It provides Council with the flexibility to adapt expenditure patterns that they consider appropriate in meeting changing locally determined service needs and objectives. Virement is defined as the RFO's ability to transfer sums from one budget head to another head or to establish a new budget head, in order to meet planned expenditure needs in accordance with policies and instructions of the Council.
- 7.4.2 Virement may be necessary for several reasons. For example:
- unforeseen cost increases
 - demand for a particular service in line with existing policies exceeding estimates.
 - a requirement to provide a different service from that anticipated at budget time to meet a particular situation, or
 - utilising efficiency or other savings
- 7.4.3 All virement decisions must be agreed by the Finance & General Purposes Committee before expenditure is incurred.

7.5 Overspending

- 7.5.1 No Committee should plan to overspend its budget. All expenditure plans should be consistent with Committee Business Plans. Potential overspends on particular budget heads will have been addressed during the year and, in some cases, virement will have been exercised.

8. Financial Management - Capital

- 8.1 The Council will determine any capital programme for the Authority.
- 8.2 Any capital programme shall reflect the total cost and phasing of each approved scheme along with the proposed source(s) of funding.
- 8.3 The capital programme will demonstrate:-
- the original and revised total estimated costs of each scheme
 - actual expenditure to the end of the previous financial year
 - the original and revised estimate for the current year
 - the proposed expenditure to be incurred in future years for the completion of each scheme
 - the revenue budget implications for the next financial year and the ultimate total annual revenue costs
- 8.4 The Finance & General Purposes Committee shall determine the method of funding for each capital scheme, having consulted with the RFO and working within the context of capital resources available.
- 8.5 The RFO shall ensure that an effective monitoring system is in place during the year to control capital expenditure. The RFO will be responsible for notifying Council if it seems likely that there will be a significant variation in spending on a scheme. Variations may be permitted only if they can be accommodated within the total capital resources available.

9. Accounting and Audit

- 9.1 All accounting procedures and financial records of the Council shall be determined by the RFO in accordance with the Accounts and Audit Regulations 2003 and 2006, and any subsequent amendments thereto and according to proper practice.

- 9.6 The Internal Auditor shall carry out the work required by the RFO, or by the Council, in accordance with proper practices with a view to satisfactory completion of the Internal Auditor's Report section of the Annual Return (as supplied by the External Auditor appointed from time to time by the Audit Commission)
- 9.7 The Internal Auditor shall be competent and independent of the operations of the Council and shall report to Council in writing on a regular basis with a minimum of one annual report in respect of each financial year. In order to demonstrate objectivity and independence, the Internal Auditor shall be free from any conflict of interest and shall have no involvement in the financial decision making, management or control of the Council
- 9.8 The RFO shall make arrangements for the opportunity for inspection of the account, books, and vouchers and for the display or publication of any Notices and Statement of Accounts required by the Audit Commission Act 1998 s15 and the Accounts and Audit Regulations 2003 and 2006, and any subsequent amendments thereto.
