### STOP PRESS...

A planning application has been submitted for retail development of the former Madeley Court School site off Parkway, Madeley (ref TWC/2016/0387). The proposal involves a Lidl food store as well as smaller units for Poundland and Subway. There is also a vets and another retail unit that has not yet been taken by a specific retailer. The plans can be viewed at Jubilee House reception or you can view them online at [www.telford.gov.uk](http://www.telford.gov.uk)

## Distribution...

Dear Reader,

As you know for the last 20 years or so, we have delivered Madeley Matters through your door. This is an added expense in addition to the printing costs. For the last few years we have had a lot of difficulty finding a truly reliable service that is best value for money.

With so many undelivered newsletters resulting from our February edition Madeley Town Council has decided to save money and make the newsletter available in a variety of locations for you to pick up at your leisure.

There are four newsletters per year, roughly February, May, August and November, but we will be able to use these pickup points for extra items of interest such as Town Council events, other local events and periodic public information.

Confirmed locations for our distribution points at the time of printing are as follows:

Abraham Darby Leisure Centre	Aldi Madeley	Madeley Library
Park Lane Community Centre	Sutton Hill Community Centre	Tesco Madeley

You will find them in a number of other smaller locations around the parish too, but they will of course still be available at Jubilee House.

You can view the newsletter online at: [www.madeleytowncouncil.gov.uk/madeley-matters](http://www.madeleytowncouncil.gov.uk/madeley-matters)

We would like to be able to add to the distribution points in time, so if you or someone you know might be interested please contact Julie at the town council office.

We hope you won't be too disappointed with this new arrangement.

## An Anstice Mystery – thanks for your help!

In the last issue we asked if anyone knew the occasion of this photo, found at the Anstice, and the identities of any of the people shown. We had lots of suggestions, mainly via the Anstice Facebook page, and one person kindly came into Jubilee House and filled in most of the blanks. So we think this is the Baptist Church Sunday School Anniversary, around 1959 or 1960.

Best guesses for the names are shown below. Please note these are just people's recollections, no guarantees!

## Do Good, Feel Good!

## Anstice Update

It is almost exactly a year since the Town Council became the proud owner of the Anstice Memorial Hall in Madeley and since April 2015 there have been a number of milestones achieved: -

- A group of committed local people have come together and are now a registered Charity – The Anstice Community Trust. The Trust and the Town Council are working together to restore this lovely building and have set up a Trust membership scheme.
- Lots of public consultation has been carried out to find out what people want from the building.
- A website has been set up: [www.theanstice.co.uk](http://www.theanstice.co.uk)
- Essential repairs have been carried out including fixing the leaking roof, an asbestos survey, intruder alarm, repairing the loos, a fire safety assessment, boiler repairs, electrical repairs and replacement fire doors.
- The Anstice has been opened on a monthly basis for fundraising events. Some of this money will be used for renovations and some will support larger funding bids that will be made in the future
- Lots of volunteers have given their time to clean up, sort out, organise, staff events and fundraise.
- A connexion has been established with the University of Wolverhampton, and their Architecture students have used the Anstice as a subject for their project work – we look forward to seeing the results which will be put on public display in the summer
- A firm of Architects, PCPT, have been commissioned to carry out an 'Options Appraisal'. This will inform us how the building can be preserved, restored and adapted to provide the facilities that local people want. The study will be completed May/June and as soon as possible after that we will organise a public viewing of the proposals
- Discussions are ongoing with Telford & Wrekin Council with a view to saving the local library by relocating it in the Anstice.

*Drawing by Maggie Humphry*

None of this would have been achieved without the hard work and dedication of many volunteers - too many to mention by name but you know who you are! We would also like to thank the following local businesses for their support: -

Nock Deighton, Telford Scaffold, Hornet Roofing, MBO Safety Services, Merrythought, Richard Pearson at Newey & Eyre, Schneider Electric, all the electrical team at Gra-Bern and Granville Construction. Thanks All!

Every project has a unique selling point and most people agree that at the Anstice it is the beautiful sprung maple dance floor. It is definitely in need of some TLC and over the next few weeks it will undergo a complete renovation which will include sanding, repair of broken floorboards and a durable, appropriate coating. The sanding will take the floor back to its original colour so be prepared for a new look, lighter floor. So the final thanks go to all of you out there who have donated to the Anstice funds.

This is the first of the improvements to be totally funded by the generosity of local people. A fine example of the Anstice rediscovering its roots and, approximately 150 years since it was first opened, the community coming together again to save it!

## Walkabout Wrekin . . .

### Walking for Better Health

Hardly a month goes by without one or other report telling us how important it is to maintain a certain level of exercise. Over the last few decades the way we live our lives has changed, in many ways for the better with all the convenience equipment we have available. There is much greater use of cars, many children no longer walk to school, we spend more time sitting, ie watching television, using computers or mobile phones and tablets.

***'Getting a bit more exercise is easy – it just takes a little time'***

What stops us doing what we know makes sense – time, don't know what to do, can't afford gym prices.

Regular walking is one of the best ways to exercise, it can reduce the risk of heart disease, reduce the risk of some cancers and keeps the joints working. Most people can do it and it doesn't take any special equipment, gives a chance to meet new people and, best of all it doesn't cost anything.

Telford is lucky to have one of the national Walking for Health schemes – Walkabout Wrekin, we are also lucky to have lovely local areas to walk in. We run regular walks throughout the Telford area including Madeley. The Madeley walk starts from the Tesco car park (furthest corner from the main store) every Sunday morning at 10.30, we are also going to start another weekly walk from the edge of Woodside in a few weeks time. No special equipment is needed just reasonable footwear. The walks are led by qualified walk leaders and are free and friendly.

Why not come along and give it a try. Full details of all our walks are on our website – [www.walkaboutwrekin.org.uk](http://www.walkaboutwrekin.org.uk) or ring me – Dag Saunders on Telford 583484.

Walkabout Wrekin is a local voluntary organisation run by volunteers – we are grateful to Madeley Town Council for helping us with a grant over the last two years.

## Opportunity Knocks For Madeley Town Centre Traders

An exciting project to deliver free support and training sessions for businesses in Madeley town centre is due to start this summer.

Telford & Wrekin Council has provided funding for the sessions as part of its Pride In Your High Street Fund - and every business in Madeley town centre is being invited to join in.

The sessions will cover topics such as retail and hospitality excellence, practical training to develop online and social media presence to boost footfall, window dressing masterclasses, retail sustainability and sales training. Sessions will be completely free for eligible traders as the project is being funded by Telford & Wrekin Council.

Sally Themans, of the business support programme delivery team, said: "This is a unique opportunity for traders in Madeley to get some expert advice to help their business succeed.

"The whole idea behind this part of the Pride In Your High Street project is to give traders a boost and help kick-start a positive cycle of change in town centres.

"If high street businesses are successful, then the high street is successful - more people come into the town centre, which makes it easier for more businesses to thrive."

For more information about how to get involved and book a place on the courses, visit the website at [www.good-2-great.co.uk/piyhs](http://www.good-2-great.co.uk/piyhs)

## Friendly Retirement Group has its finger on the pulse ...

Madeley Town Council would like to say a big thank you to the Friendly Retirement Group for their very kind donation of a defibrillator to be installed near Jubilee House, outside in a cabinet.

Members of the retirement group felt that as Jubilee House was used by a number of community groups, whose members were of a maturing age, having this life-saving device on hand would be beneficial to a large number of people.
